### Happy September, bees!

We have finally finished one month of school! Many of us are learning virtually, which definitely isn't how we wanted to spend our school year, but it's the safest way to learn with our current circumstances. I'm proud of you for making it this far, and there's many things we have yet to experience. Push through! You got this.

September is a crucial month for member recruitment. It's going to be difficult to recruit new members, especially when club rushes have been canceled or are held virtually. It is important to come up with creative ways to promote Key Club and to encourage acts of service even in quarantine. Nothing is impossible and we can push through these difficult times!

## **What is up CNH!**

I hope that all of you are adapting well to the new form of distance learning at your school and finding your balance during these unprecedented times. Please remember to continue to put yourself as a priority! Your health is the most important and you cannot be serving others if you do not first serve yourself.

Now, with this new school year, I hope you are all ready to welcome in a new generation of Key Clubbers! This is always the most exhilarating time of the year seeing a new wave of volunteers pouring into the club. I highly encourage all of you to take advantage of this time and show how much service that Key Club is performing together.

I know that this is an especially hard time to be recruiting but I believe that you can all do it! I would recommend that all of you figure out how you will be paying your dues as soon as possible since anything can happen this year. Make sure to stay safe when handling money through a virtual format and remember to always have an advisor involved in the dues process.

Although the times ahead of us are very uncertain, please know that you always have resources available to help you. Feel free to contact me at any time if you ever have any questions! Continue serving CNH and I can't wait to see you after all of this is over.

## What's Buzzin' CNH!

Another month has passed, and it is officially September! For those who have started school up again, I hope you are still holding up well and had an excellent start to your year! A new school year means new opportunities, and I hope that this year will be a year full of growth for all of you despite our current circumstances.

With school being back in session, school work and other responsibilities and obligations will begin to pile up quickly. I strongly encourage you all to come up with an effective way to manage your time wisely to save time for your family, Key Club, other extracurriculars, and school work. I hope you all aren't too stressed out during this transition period back to school and are leaving time for yourself and are continuing to do the things that make you the happiest!

Key Club has been one of the only organizations continuing to serve while in quarantine. Your resilience and motivation to serve have been inspirational and motivational to Daniel, Yena, and I. All of you are the reason that this organization is so amazing! While we should put school before Key Club always, I hope you all continue to serve and maintain active participation in your clubs and divisions!

While we are on the topic of service, it is my honor to update you on the service hour progress! As of August 10th, 2020, the Cal-Nev-Ha District has served a total of **100,840.51 service hours**. This is approximately **11.20%** of our District goal of 900,000 service hours! Although we have quite a long way to go, I have seen an upwards trend throughout the last few months, and I am confident we will be able to keep up with this trend as we move along through the term!

Thank you to each and every one of you from the bottom of my heart for everything you do, and as always, please don't hesitate to contact me if you ever have any questions, comments, or concerns! I love you, CNH!

## What's Poppin' Bees!

I hope you are all staying safe and adjusting to the new start of a school year! As school begins, please remember to continue recruiting new members. This is a critical time for us to increase in membership and spread the love of service to more people! With member recruitment, we all know it's also time to pay dues! For club officers, please be on the lookout for the Dues Manual and check your emails regularly for updates. The Dues Manual will include a thorough guide on how to navigate the Membership Update center (MUC), learn more about where the dues goes towards, and collect dues during these unprecedented times. I understand it may be difficult to collect and process dues when school is online, but please try your best and let me know if you also need specific help! Furthermore, please try to log into the MUC account as soon as possible to ensure you have access before using it to pay dues. If you have a new advisor or do not know the login information, please create an account for new advisors and contact Member Services for the login information. As always, please remember to continue fundraising and refer to the Fundraising Manual on the Cyber Key if you have any questions or need some new ideas. A GoFundMe page has been set up so that members can donate directly to the Pediatric Trauma Program. More information will be sent out to club treasurers in the next Treasurers Update email. I will also be happy to help you with fundraising or submitting donations, so feel free to reach out to me for some tips!

# INT'L TRUSTEE

## What's Buzzin' CNH!

My name is Emma Chang and I am thrilled to serve as your International Trustee! This year alongside CNH, I will serve Florida and LaMissTenn district (aka your new sister districts, MissFloCal!).

A little bit about me: I am a senior from Orange County in the CNH KIWIN'S District and I love all things blue! When I'm not volunteering, you can probably find me baking, bingeing k-dramas, or grabbing boba from my favorite shop. Last year, I served as the KIWIN'S District Governor and got a chance to see a few things behind the scenes with CNH and I can't wait to learn more this year!

As a Trustee, I am responsible for overseeing my three sister districts and chairing the International Programs and Partners Committee! This committee is dedicated to strengthening the relationships between our partners and preferred charities, grading YOF applications, promoting Key Club Week, and much more! This year, we are working especially on evaluating international partners and creating more issue-focused campaigns with organizations such as UNICEF and Thirst Project. Be on the lookout for more opportunities to serve on the International level and NEW sistrict activities (on Instagram @missflocal), coming soon!

All in all, I am so excited to work with you and your amazing executives this year! As someone who has seen CNH in action firsthand, I can confidently say that your spirit, strength, and dedication to serve will overcome any challenge that comes your way. Don't hesitate to reach out to me at any time via our sistrict Instagram @missflocal or at [emma.chang@keyclub.org](mailto:emma.chang@keyclub.org)! Keep changing the world and BEE safe!

### Who can become a leader?

Anyone is capable of becoming a leader! The most difficult part is taking **initiative** to become one. Someone who shares the same ambitions and values as others can lead and support others brilliantly; there is no one way to be a leader.

It is important to have a drive and commitment to your goals, not only to achieve them but also to inspire others!

### How can I lead?

There are so many ways to be a leader that there is no one way to be a good leader. It is all about you!

One example of a good leader is someone who is open with their group, does not mind being open minded, is inclusive, and uplifts others.

Find great role models for you to become one. Remember to **aim** high!

# MARKETING YOUR KEY CLUB

## helpful tips for member recruitment

### 1. SOCIAL MEDIA PRESENCE

With the fewer opportunities for in person meetings this term, it is crucial to maintain a strong social media presence in your clubs. This means maintaining a **consistent posting schedule** and making sure your members are constantly in the loop with new information. Do not be afraid to expand to new platforms such as Discord, Remind, or even Tiktok!

### 2. PARTICIPATE IN JOIN OUR HIVE

Join Our Hive is an annual CNH District marketing campaign dedicated towards promoting the benefits of being a Key Clubber to schools and communities. Throughout the months of August and September, clubs are encouraged to **request for overlays, participate in our instagram video contest, and use our instagram filter!** Your engagement is the key component to spreading this organization's message.

### 3. UTILIZE THE CNH MEMBER RECRUITMENT RESOURCES

As a tool to help clubs out with member recruitment, the Communications and Marketing Committee has spent the last few months creating helpful infoguides, club overlays, flyers, even a Key Club Promotional Video. These resources can be found on the CNH Cyberkey! Simply go on **Resources>Graphics and Marketing** and check out the content under the **Member Recruitment** header. Feel free to make use of this content when publicizing for your club this term!

### 4. BUILD A PERSONAL RELATIONSHIP WITH MEMBERS

When recruiting for your club, always be mindful of the interests and hobbies of your target demographic! Whether that be holding meetings with a trendy theme, reaching out to timid freshmen to attend an event with you, or even hosting college workshops with Circle K, put yourself in their shoes. In essence, never treat members like academic projects that must be completed by the end of the day, but look at them as individuals and deliver a personalized service.

# CNH Kiwanis Takeover

California-Nevada-Hawaii | Key Club International

## What is a Kiwanis Takeover?

*Kiwanis Takeover is an opportunity to bond with the Kiwanis Clubs in your Division by running a Kiwanis meeting. This allows the respective Kiwanis Club to be introduced to the officer board and for fellow Key Clubbers to gain experience presenting to a wider audience than class peers.*

## -Benefits-

-By running and collaborating with your local Kiwanis Club, you can gain valuable insight, connections, and participation from Kiwanis and Key Club.

-Allows officers to stay in contact with their sponsoring Kiwanis Club/ open the doors for opportunities amongst the Kiwanis/Key clubs.

-Collaboration amongst clubs could increase opportunities for sponsorship at events such as Key Leader or District Convention.

-They help give scholarships for college to members!

-Possible Joint events can provide a wonderful source of chaperones.

-This allows the Kiwanis Family to stay KEY-nected!

## Steps to Organizing a Kiwanis Takeover

**STEP 1:** Talk to Kiwanis President or KFF Chair about organizing a Kiwanis Takeover

**STEP 2:** Organize a date, time, & location that works for both the Kiwanis Club and Key Club

**STEP 3:** If the Kiwanis Club does "Happy Dollars", ask if the donations can go to Key Club for PTP

**STEP 4:** Confirm that the agenda and any necessary topics are covered

# REGION TRAINING CONFERENCE

*spotlight on education*

## WHAT IS IT?

RTC is a training conference where multiple divisions in a region come together to deepen their knowledge of Key Club, service organizations, charities, and leadership skills. It offers some of the best ways to learn about service in your community and how to be a better leader. It is usually held in the fall, so stay updated with your division updates to see when it'll be held.

## BENEFITS

You get the opportunity of meeting all sorts of people at RTC! Coming to RTC gives you the opportunity to become closer with the people who are in your area, and you also get to learn more from district leaders! RTC can be the key for you to get a headstart in your future by learning more about service in high school, and how to succeed later on! Don't miss out on the chance of learning about Key Club and connecting with others!

## EDUCATION

RTC is all about education. You can learn so much about Key Club, and really understand the root of why we serve. Not just this, but you also can learn more about how to get involved with your community. RTC is a chance to develop your skills as a leader and grow, don't miss out!

## MY GOALS

### **INTERNATIONAL OUTREACH**

Due to our unique situation, I want to work with the International Board to analyze nontraditional clubs and provide resources to further promote inclusivity and diversity throughout Key Club.

### **INTER-DISTRICT RELATIONSHIPS**

With Governor Daniel, Jannie, and Joey, I hope to expand inter-district relationships throughout KCI with more bonding and educational activities via our district social media, @missflocal.

### **MEMBERSHIP EXPERIENCE**

At the top of our inverted pyramid and my priorities is our members! Despite the pandemic, I hope to make this term as welcoming as possible for new members and highlight the membership experience.

### **EDUCATION ON PARTNERS**

As the Programs & Partners Chair, I will be working to provide simplified education on Int'l Service Partners to create more impactful relationships and service opportunities for members.

# FUN FACTS

1. My favorite food is KBBQ and açai bowls!
2. My favorite animal is a corgi (100% dog person).
3. If I could travel anywhere right now, I'd go to Korea.
4. Some hidden talents I have are that I can sing, do calligraphy, and I'm not bad at graphic design.

## What is it like to be a trustee?

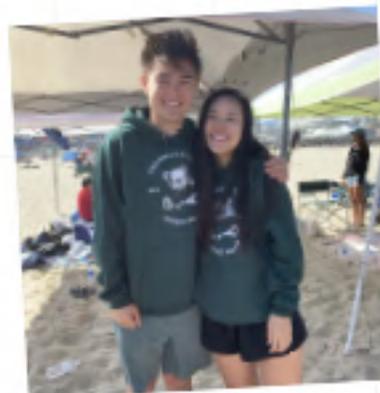

Being a trustee is such a wonderful experience! I love working with my governors, and creating projects for our district, Miss-Flo-Cal! I am also a International Committee Chair and I get to work behind the scenes on campaigns with our service partners which is a dream come true!

## YOU WANT TO GET INVOLVED ON THE INT'L LEVEL...BUT HOW?

### 1. Apply for grants and scholarships

KCI offers a variety of monetary service incentives for all members. Look out for the Youth Opportunities Fund (YOF) application in Sept!

### 2. Serve on an International Committee

The Global Relations and Programs & Partners Committees (mlnl) will be accepting member representatives! Definitely consider applying for an look into how the I-Board runs; coming in Sept!

### 3. Participate in KCI Social Media Challenges

Keep up with all things Key Club by following us on Instagram at @keyclubint for opportunities to show your service and spirit!

### 4. Keep up with our district, Miss-Flo-Cal

This year, your sister districts are the Florida and LaMissTenn! This year, I will be working with the governors to create new activities and resources so make sure to stay updated and follow @missflocal

## Standard Club Bylaws

### WHAT ARE CLUB BYLAWS?

Club bylaws are a set of rules created by the club board that governs a club. Bylaws can cover anything from officer duties to graduation requirements and more.

### IMPORTANCE

Club bylaws provide structure to a club and can provide guidance and assistance to the club board. Bylaws can be edited and implemented to suit a club's specific needs.

Some examples of bylaws include:

- Meetings shall be held weekly with the approval of the faculty advisor
- In order to receive a graduation stole, members should complete 75 hours of service by their senior year

### POSITIVES

- Club bylaws provide a broad understanding of how key club is run to members, officers, and faculty advisors.
- Bylaws can be used to settle disputes and gain experience with professionalism.

# Slice of PIE

# SAFEKEY

## FOR THE SCHOOL YEAR

### *Importance of safekey*

- People use social media to get a first impression of you, which will affect your future!
- Colleges and jobs are competitive fields, stand out by being professional!
- Be educated about the uses of technology so you **don't put your safety or security at risk!**

### *How to apply it!*

- **Educate** membership on its importance
- **BEE** the example to your members
- Promote an environment where members can **positively** learn from their mistakes
- Always be **kind** on and off social media

### *Relevance to key club*

- We want to **promote** Key Club in the best possible light!
- **Foster** inclusiveness and acceptance for our members
- Set an example for other organizations!

# YOUTH OPPORTUNITIES FUND

## What is the Youth Opportunities Fund?

The **Youth Opportunities Fund** (YOF) is an endowed fund for Key Club International. YOF grants help YOU take action! Identify the things that need to get done in your school, community, or world to make it a better place and apply for a grant! These grants are **only** given to Key Clubs and club members!

## Requested Funding

Clubs may request funding assistance ranging from US **\$100 to US \$2,000**. Clubs asking for a portion of the total cost of a project or clubs partnering with other organizations to fund and/or complete a project are typically funded.

## How to Apply

Applications must be submitted through the link on the Key Club website. The application opens on September 1, 2020 at 12:00 A.M. and closes on October 15, 2020 at 11:59 P.M EST. Make sure that you meet the grant guidelines before submitting an application! Paper submissions will not be accepted.

## environmental awareness week

Buena Park | D30N | R3

"Buena Park got inspiration from our division's Awareness Week, where members were encouraged to post social media graphics or create chalk messages to raise awareness for certain topics. We decided to put our own twist on the service project and focus it more towards environmental issues. Therefore, the Buena Park Service Projects Committee decided to hold Environmental Awareness Week. After we decided on our theme, we quickly made a graphic and posted it on our Instagram. The main focus of this service project was to raise awareness on the different kinds of pollution and how to reduce pollution in our communities. Members posted graphics on social media each day and received service hours based on how much time they spent making the graphic. This project was successful in educating Key Clubbers and non-Key Clubbers. There were many Key Clubbers who participated in our service project. Not only did our club members participate, but members from other clubs participated as well. For next time, rather than posting graphics on social media, we could hold an event over ZOOM where we do an activity together."

Golden Valley | D16N | R7

“Our project was an at-home recycling fundraiser where members were encouraged to collect and donate plastic bottles. We would then recycle them, with all the profits going towards our club. As an officer board, we discussed how we would carry this project out, and then divided up the responsibilities. We decided on having drop-off locations where plastic bottles could be donated, and making this a 3 week project, so members would have flexibility as to when they can drop off the bottles. We then established officers in charge of monitoring the dropping off of bottles, recording the information, and recycling them once the event was over. With these aspects planned out, we finally started up the project with designated officers creating and sharing visuals with all the information that was needed to participate with our members. This project has positively impacted our club and has been successful, as there were little complications that we came across when planning and carrying out this project. This proved to both our officers and members how the club has been able to efficiently adjust to current situations and provide projects in a new way. Upon further reflection, I feel as though the project could have been promoted more, as there were many other events that were going on within our division this month that members might have been focusing on as well. If we did this, it could have possibly brought more participation.”

spotlight on service program

# PEDIATRIC TRAUMA PROGRAM

## BACKGROUND

The Pediatric Trauma Program, or more well-known as PTP, is one of the four preferred charities of the California-Nevada-Hawaii District. Pediatric Trauma is the number one leading cause of death for children under the age of 14. PTP aims to help children live safe and healthy lives through community outreach, educational materials, and advanced pediatric training for doctors, nurses, and first-responders.

## WHERE DO YOUR DONATIONS GO?

When you make a contribution to PTP, you provide grants to our partner hospitals, enabling them to create or expand community outreach programs, provide grants to Kiwanis and SLP clubs, enabling them to help more children in more communities, and you provide PTP safety items, which are available for purchase by our Kiwanis family at a subsidized cost.

Just a reminder that submitting to the September Spotlight on Service Program is part of the bucket list for the SERVE-tember Initiative. Do not forget to submit your club's SOSP project by the fifth of every month by 6:00PM Pacific Daylight Time for a chance to be featured in the district newsletter and on the CNH Instagram!

## CHARITY MILES

**D37S | Logan Schmid, Mt. Carmel**

At the beginning of August, our D37S started our first division-wide Charity Miles competition, and so far it's been a great opportunity for me. I'm an avid runner, so having the chance to raise money for one our preferred charities, March of Dimes, and compete with my friends in other clubs has been pretty fun. For the past few months I've been running around thirty miles a week for cross country pre-season so I guess you could say the stars kind of just aligned haha! Since Charity Miles is such an easy way to support those in need around the world, I hope to continue encouraging my friends and team mates to use it whenever they're active, as well as myself!

## ENDANGERED POSTERS PROJECT

**D22M | Jeremy Peros, Maui**

For the month of July, we tasked members to create posters of endangered animals. Each attendee chose their endangered animal and listed ways to help save them on colorful digital and handwritten posters. Pictures of the signs (which were emailed in by members who completed the project) were collected and put in a folder, where they were later posted on our social media accounts. The project was successful because members were able to show their creativity through freehand and digital posters and were given room to choose their animals to help spread awareness. Also, since the project needed some research, attendees could learn much more about the animals than they may have previously known and possible ways to save them. This project would be good to do again but later in the school year when we have more active members. This way, we can spread awareness about more animals as well as post more posters. In addition, we could add a little more to the project-for example adding donations, posting their signs around the community, or even having members create small animal models (i.e., like out of paper mache).

## **YEARBOOK DISTRIBUTION DAY** **D15N | Cheska Hornilla, Upland**

This month, Upland Key Club assisted Upland High School's staff during Yearbook & Diploma distribution day, being the first in person event of the term. Members started off by helping the yearbook staff hand out yearbooks to students in their cars along the service road while maintaining distance from each other. Later on, members were dispersed to different stations to help speed up the distribution process. Some relayed student ID's from cars to the library in order to check for any fines or unreturned books before proceeding to other stations. Others remained distributing yearbooks, whilst the rest were helping the counselors give out diplomas to graduated seniors. Being the first in-person event, members got to enjoy the presence of each other and their friends as they drove by in the drive through distribution process. With the help of Key Club members, students and parents were able to receive yearbooks and diplomas in a more time efficient manner

## COLOR A SMILE

**D16E | Catherine Dao, Northridge**

When was the last time you sat down to color on a page of artwork? I found myself asking this question as I settled into my seat with a box of colored pencils and a template of artwork emblazoned with the words, "Enjoy Today." It was July 13, and after a long Monday, I sat down with our division to color in templates for children and families in need. Smiling up at me was a cheerful sun with its rays warming up a butterfly fluttering below it among doodles of trees. Feeling much like a kid again, I felt a rush of giddiness as I reached over to

open the box of colored pencils. Streaming on Zoom on the computer in front of me, Avatar: The Last Airbender was playing as we all began to color.

Although we have been physically apart for so long, the routine of going on Zoom to reconnect with our family of koalas has become a source of comfort and relaxation! Like Aang and his friends, along with Appa and Momo, we koalas stuck together despite all the obstacles we faced. Coloring in the sun with our division there with me on Zoom began to warm my heart, and I couldn't help but think of the recipients of our artwork when they would see the coloring pages we colored for them! Just like how this event reminded me of the passion and care koalas have for the community and each other, the template I colored in reminded me of the joy I would be passing along to children and families because it's nice to remember to, "Enjoy Today!"

**D19N | Sally Hoang, CAMS**

For the month of July, CAMS key clubbers participated in the Color-A-Smile service project. Color-A-Smile service project is to distribute cheerful drawings to senior citizens, troops overseas, and anyone in need of a smile. This service project was a week-long project and almost achieved 80 service hours. We are eager to start the new school year with more service events and meet new pirate penguins from the class of 2025!

## **CARDS FOR THE ELDERLY**

**D04N | Rich Nguyen, Los Amigos**

Spare some love for the elderly! It is obvious that in-person interaction with the elders would put them in harm's way due to the coronavirus pandemic. Although nothing compares to human interaction or the adrenaline and pleasure when meeting new people, making cards for the elderly was the safest route. Creating cards for the elderly enables members to embrace their creativity and contribute to the community in the comfort of their homes. The small things do certainly come a long way. Members may have also written positive messages including encouragement, puns, and etc. I have made eighteen cards that took me fifteen hours in total. I could have created fewer cards and earned the same amount of hours, but the more the merrier. I hope my contribution would allow every single elder to receive a card. Some of my cards have encouragement messages including, "You do not have to act your age, so forget it and have fun!" and "May your days be filled with all kinds of bright and sunny matters!" Another few have cute animal puns including, "You are flappin' amazing!" for the penguin card and "No-bunny compares to you!" for the bunny card. Drawing and coloring were incredibly refreshing because they paused my ongoing thoughts and placed my body at ease. This was the best Key Club service event from July for reasons of enabling my creativity and writing positive messages for elders while listening to music.
